KRISANNE WINT

Ms. Wint is a second-generation educator with a genuine love for teaching, music, and singing. Growing up, her mother taught kindergarten and that gave her an early appreciation for the impact teachers can have on young minds. Although she initially imagined herself pursuing a different career, accepting a substitute teaching position eventually led her to discover that the classroom was exactly where she was meant to be.

She earned her Bachelor's degree in Education in 2019 and she is a New York State-certified teacher with five years of teaching experience. Throughout her journey, she has had the opportunity to gain valuable international teaching experience in both the United States and Jamaica. She also had the pleasure of teaching at the Greek American Institute (GAI), where she benefited from professional teacher coaching through Brienza’s Academic Advantage.

She is especially excited to be returning to GAI for a second time, bringing with her new experiences, knowledge, and a continued desire to grow. She is passionate about teaching and finds great joy in seeing her students learn, develop, and discover their potential. She believes every child learns differently, and she strives to create a classroom where students feel encouraged, supported, and excited to learn. For Ms. Wint, teaching is a journey of growth, not just for her students, but forher as well.
